# February Newsletter

February 2010

Dear WIVH Supporter:

WIVH studios are humming with activities as we keep WIVH broadcasting the Good News. We welcome WIVH listeners to visit the station so you may see the operations and get to know the missionary operators serving here. WIVH's regular monthly publication, "The Voice," will not be received this month. However, it will continue in the upcoming months. February of each year is when we send a letter of thanks to you and this is it. Enclosed is a receipt of your recent contribution and a self-addressed envelope. We hope you will continue to support WIVH as its operating costs are covered by your gifts.

In this time of recession we find nearly all of the station's contributors are able to keep supporting WIVH with their love gifts. This is very reassuring to us as listeners see the importance of keeping the airwaves filled with Christian broadcasting. This means we believe we will see operating costs met and will experience another blessed year of broadcasting the Good News of the Gospel of Christ over the Virgin Islands. As one listener has said, "We cannot lose our Christian station."

We could share much more of the goings on and how WIVH continues to change lives here. The broadcasts and the outreach ministries are encouraging to Christians and is presenting the message of salvation to the unsaved. We encourage you to take advantage of "Show Time" and "WIVH's Correspondence School."

We want you to know that the most wonderful occurrence here is seeing God work as He supplies WIVH's needs. This great ministry would come to an abrupt stop if He were not working through you to keep listener-supported WIVH broadcasting for Him. Keep pressing on and keep WIVH strong in 2010.

Thanking You and Him,

Burl and Shirley Updyke, WIVH/WRGN
